California Department of Technology

Office of Digital Innovation

Systems Software Specialist II (Tech), \$5,814-\$7,642

Will consider Systems Software Specialist I (Tech), \$5,294-\$6,962

Permanent/Fulltime

Final File Date: Until Filled

Who Are We?

As *the* central IT organization for the State of California, the Department of Technology's Headquarters Office is responsible for the approval and oversight of all state information technology projects. We hold statutory authority over strategic vision and planning, enterprise architecture, IT policy, and project approval and oversight. We are committed to both transparency and waste reduction in state government.

Among other responsibilities, our Headquarters Office develops and maintains the state's Enterprise Architecture framework, and ensures the confidentiality, integrity, and availability of state systems and applications. We also develop and implement policy and direction for the State's IT program, priorities, and initiatives.

We provide excellent health benefits, generous vacation and sick leave accrual, exceptional retirement benefits, 11 paid state holidays, and two paid professional development days per year. We are located in Rancho Cordova with free parking.

What You'll Be Doing...

Under the general supervision of the Systems Software Specialist III (Supervisory), Web Consulting Unit (WCU) Supervisor of the Web Services Section, the Systems Software Specialist II (SSS II) (Technical) works at the expert specialist level on the more complex web-based services and provides consulting, coordination, development, implementation and support for the Department of Technology (CDT) web-based services and provides expert-level developer and consulting assistance to clients in their use of CDT services and technologies. The SSS II (Technical) uses a high degree of independence and good judgement for assigned projects and for guidance for web-based services and technologies.

career opportunity

Who We're Looking For...

We're looking for dedicated, talented individuals who possess the following skills and abilities:

- Expert experience coding with PHP, Python, JavaScript frameworks (jQuery, Prototype, etc.)
- Expert experience with open-source web Content Management Systems administration, configuration and installation.
- Expert knowledge and understanding of the WordPress framework, plugin and theme implementation and modification, especially in a multi-site implementation.
- Proficient with CSS coding for production web sites.
- Proficient with source control and related tools and concepts such as Git, TFS, Team Services.
- Proficient in APIs incorporating web services, RESTful and soap-based APIs.
- Expert ability to construct web applications using server-side and client-side code and multiple data stores.
- Expert knowledge of languages such as XML, XHTML, HTML, HTML5 and XSLT.
- Proficient with accessibility best practices (WCAG, Section 508, etc).
- Expert experience with Google maps APIs (JavaScript, etc).

How to Apply...

Interested applicants must submit a State application to:

CALIFORNIA DEPARTMENT OF TECHNOLOGY
P.O. Box 1810
Rancho Cordova, CA 95741-1810
Attn: Angie Edwards, RPA 16-097
For inquiries, please call (916) 431-4082

When applying for a Job Opening, you must be sure to submit one state application per RPA #. You must indicate the RPA # you are applying for on your application, as well as your eligibility in the Explanations box; otherwise, your application may not be processed.

To be considered for the position of a **Systems Software Specialist II (Tech)** or **Systems Software Specialist I (Tech)** classification, you must first obtain eligibility through an examination process. Visit our Career Opportunities webpage at <http://cio.ca.gov/About/Careers> for information and instructions on the hiring process.

The Fine Print...

Applications will be accepted only from individuals currently at the **Systems Software Specialist II (Tech)** or **Systems Software Specialist I (Tech)** level, or applicants who have transfer or list eligibility. Applications will be screened and only the most qualified will be scheduled for an interview. All appointments are subject to SROA/Surplus provisions. Training and Development Assignments may be considered. This recruitment may be used to fill multiple vacancies occurring in this unit for this classification within the next 60 days.
